## Corporate Functions at St. Anne's Winery Bendigo

Set among the vines, St. Anne's Winery Bendigo offers a conference experience that's refreshingly human. Here, ideas & conversations flow like wine, with the tone of the day set by a sense of place, history & hospitality.

### More Than A Meeting

What truly sets a conference at St Anne's Winery apart is what happens between the agenda items. Stepping outside into the vineyard air, sharing a glass of wine, or enjoying a relaxed meal together transforms a standard conference into a memorable experience.

Our winery setting naturally encourages:

- Stronger team connection
  - Meaningful conversations
  - Fresh perspectives and creative thinking
- 

### Two Distinct Conference Spaces

We offer two versatile conference spaces, allowing you to choose the setting that best suits your gathering.

#### Private Conference Room:

- Designed specifically for the corporate sector, this space is comfortable, discreet & highly functional. With a calm, professional atmosphere, it supports focus, clarity and productive conversation while offering the privacy expected for high-level corporate gatherings.

#### The Barrel Shed:

- A character-filled space perfect for warmer weather, accommodating **200+ guests**. Surrounded by barrels and steeped in winery atmosphere, it is ideal for larger conferences, team gatherings, launches and presentations. Open, relaxed and authentic, the Barrel Shed encourages energy, connection and big-picture thinking while still feeling distinctly St Anne's.

Both spaces can be configured to suit your needs and are supported by attentive service to ensure the day runs seamlessly.
